# Wetaskiwin Important Telephone Centre

## Much Work Done In District This Year

Wetaskiwin has become an important point in the Government telephone system. There are at the present time 300 local and 150 rural exchanges on the circuit. This number will shortly become largely increased with the completion of rural lines. A large amount of work has been going on throughout the community during the summer, and no less than 53 miles of new lines have been constructed to the east and south east of this place. # Miss Yeomans Speaks On Girl Problem

## Says Their Physical, Mental, and Moral Welfare Is Being Neglected

A large and representative audience listened to Miss Mary Yeomans, woman probation officer of the department of neglected children for the Province of Alberta, in a very able talk given on Monday evening in the Methodist church on the girl problem. Miss Yeomans has had twenty years' experience in children's work and is the first woman probationer appointed in the Dominion of Canada. This speaks well for the Province of Alberta.

Miss Yeomans was a fluent speaker, and showed herself entirely acquainted with her subject and all those present felt that the caring of the girls of our province was in very capable hands. Miss Yeomans went on a very interesting way to speak of the reasons for the neglect and down fall of our girls of today. Among these she mentioned, particularly the tendency of the present age to false standards in dress and lack of home life. Women of today were adapting a mode of dress so extravagant that our girls, to imitate their elders, as they always desire to do, were forced to live beyond their means.

# Military Training Is Very Beneficial

## Tends To True Gentlemanly Character

To the Editor: Wetaskiwin Times. Dear Sir, I have been requested by several of the promoters of the proposed cavalry troop to give the point of view from which a physician might look at the undertaking. This I look at the undertaking.

Having purchased the above business, I cordially solicit the patronage of all the old customers as well as new, and can assure all they will receive the best treatment at right price. Come and make our acquaintance.

**T. F. BALL,**

Railway St. East, WETASKIWIN

Editor of Wetaskiwin Times. Dear Sir, In reply to the organizing of a squad drill, which is being discussed here, let me say that I am quite interested. Not having taken a civil military training, I cannot speak from practical experience, but what I have learned throughout, I am of the opinion that it is one of the means of doing a deal of good, especially as a physical culture and a team department, which is securing the gentlemanly conduct. For reasons particularly I have plain commencing the organization is truly,

In the home life, parents do not realize their full responsibility to their children. Their physical, mental and moral welfare was being neglected, and parents were urged to spend more time in being companions with their children, and making the home a drawing card for them and thereby outside attractions would lose much of their glamor, thus establishing a confidence between parent and child, and making good will influences of the school and outside life.

The speaker then went on to say that the responsibility was not confined to the parents alone, but had now become a national issue. In Alberta the Government has seen fit to take up the matter with the result that probation officers have been appointed in connection with both boys and girls, and it behooved all citizens of this far province to become very much interested in all things pertaining thereto, and by active and aggressive work on the part of each one towards those public matters which tend to the betterment of all classes show their interest and appreciation of the work being done.

A meeting of the directors of the Wetaskiwin Agricultural Society was held on Saturday afternoon last. The principal item of business was the receiving and consideration of the report of the secretary-treasurer. The financial statement was found to be in very satisfactory condition. The directors were well pleased with the work of the secretary-treasurer.

Norman Angus made a business trip to Strathmore last week, returning on Monday. Mrs. W. Leatham of Leduc spent a few days of last week the guest of her friend Mr. T. A. Angus. Mrs. E. T. Williamson and family left on Thursday for Alton to spend a few days with relatives and friends. While prospecting for coal about four miles west of the city recently a flowing well was struck on the farm of Thomas Provo at a depth of about 100 feet. J. R. Willows met with a painful accident on Monday while splitting wood. One of the sticks flew up and struck him in the left eye, cutting open the eyelid and injuring the optic nerve. A painful accident happened near Millet on Wednesday, when Mr. T. Menon was working in the timber. He was accidentally struck by a tree, which injured his back and head, and rendered him unconscious. As Mr. Menon is about 50 years of age, the accident is a serious one, but his friends hope for a speedy and permanent recovery.

The receipts at the Customs Office here for the month of October established a new record, the figures being \$1434.31. This is a gain of about \$1800 over the month of September. The business has rapidly increased since the office was opened, and Mr. Roberts, the collector, expects to be exceedingly busy during the Christmas season.

D. L. Bosh met with a painful accident on Friday last, when he was thrown on to the ice by a cow, which he was leading, suddenly jerking the rope. His spine was injured, and he was confined to the house for several weeks. His friends are glad to see that he is able to be about again.

# Ratepayers Will Vote On Library By-Laws Dec. 9th

## E. Roberts Is Appointed Returning Officer For Municipal Election

A special meeting of the council was held on Tuesday evening. All the members were present excepting Ald. Watson and Gross.

Mayor Walker explained that the object of the meeting was the consideration of the proposed library by-law. Rev. Aldridge and A. H. Barnard, representatives from the provisional committee, were also in attendance. The former addressed the meeting at some length, pointing out some of the advantages of having the library established here. He presented a petition with 98 signatures asking that a by-law be submitted to the electors.

After the reading of the petition His Worship spoke favorably of the project and stated that he would do all in his power to have the by-law passed.

The month-end quarter of section thirty-four, township forty-seven, range twenty-five, west of the fourth meridian, in the Province of Alberta. There are one hundred and sixty acres, more or less, in said quarter section, with one mile of wire fencing, and three-five acres have been broken through. The land is about three and a half miles from Millet, a station on the Calgary and Edmonton Railway, which is the market town and where there are a number of churches, post office and school, and which is easily accessible by good roads. The soil is a sandy loam with good subsoil, and nearly two acres at least can be broken. There is on the land a bus shed, station by sixteen, and one old log barn.

The property will be offered for sale on Monday, subject to a reserved bid, to be made by the auctioneer.

In all other respects the terms and conditions of sale will be the standing conditions of sale by the Surveyor General of Alberta.

Particulars can be had from the above named auctioneer or from Messrs. Barnard, Messrs. Gwynne, Messrs. Alberta, solicitors for the plaintiff, or from Messrs. Barnard, Messrs. Wetaskiwin, Alberta, solicitors.

W. T. W. J. S. C.

The other members of the board also endorsed the proposed by-law. After the formal receiving of the petition, on the motion of Olin-Eman, the by-law received its first and second readings and will be voted on by the ratepayers at the annual election on December 9th.

By-law No. 229 appointing E. Roberts, returning officer, for the forthcoming election was read and finally passed.

F. J. B. Morris addressed the council re the matter of light for the skating rink. Ald. Euman would like to see lights supplied to the rink but as there were 200 more lights now used than one year ago when there was a heavy overload, it could not be promised definitely. The matter was referred to the Electric Light Committee to see what could be done.

Meeting adjourned.

### Reduction in Cement Prices

When on June 12th the duty on cement was cut in half many people expected that cement would be cheaper, but such was not the case, as no change was made in cement prices.

On November 1st when the duty was restored some people thought cement prices would be advanced, but the cement consumers knew that any advance in price would be against the policy of the largest Canadian cement producer, and did not expect any change. Few, if any, however, expected that with the duty restored, the price of cement in Alberta would be reduced by 20 cents per barrel.

This, however, is the case, as on Nov. 1st the Canada Cement Company, Limited, issued a circular letter to their customers advising them that in the Province of Alberta the above reduction would take place.

### Madam Le Brun

"All are artists" is the verdict of those who saw Antoinette Le Brun Grand Opera Company, appearing in the second act of "Martha" and acts of "Il Trovatore" at the Lyceum last evening in a series of two performances under the auspices of the local lodge of Bika. The company's rendition of the most difficult passages from the two famous operas aroused the audience to a high degree of enthusiasm.

It was grand opera sung in English, and, while no full operas were presented, the parts of each had been selected and so arranged that it made an artistic whole.

Madam Le Brun, at the head of her own singing company, is nearly perfect. Such singers are rare, but when they appear the function of any critic is suspended. Her voice is wonderful. Its quality is clear, even and bell like. It is fresh and vital, and she seemed to take physical delight in letting it out to a great depth of dramatic expression, especially in the prison scene of "Il Trovatore." She displayed such mastery of her scores that the audience was able to follow each tone change with perfect sympathy.

As Lady Garriet Durban in "Martha," the greatest appreciation was given her after her rendition of "The Last Rose of Summer," although her vocal work was really more exciting "Cruel One, May Dreams Transport Thee," which was the closing scene of the reproduction from the opera.

More naturally the zenith of her attainment for the evening was reached as Leonora in "Il Trovatore."

Harry Davis is a delightful tenor. He has a strong voice of rich quality, and his singing of the "Miserere" was filled with unique charm. The baritone and contralto were also above the average grand opera singers heard in the city. Miss Gwyn Jones as Azucena in "Il Trovatore" showed a remarkable ability to handle the most difficult portions of the score.

The entire production is splendidly staged and excellently costumed. The gown worn by Madam Le Brun in the duel scene from "Il Trovatore" is a special feature of mention, being a reproduction of solid silver spangles. (From the Duluth News Tribune of October 20, 1912)

The same company appears in the Angus Opera House on Wednesday evening, November 27th.

We would be pleased to enlist the services of a few honest, good reliable correspondents from neighboring villages and country neighborhoods. Particulars on application.

### 1912 FARMERS' PRIZE CONTEST

WE held a contest last year in which 36 prizes were offered. This year there will be three times as many prizes (108) and therefore three times as many chances for you to win one of them. You do not have to use a large quantity of cement to win a prize. Many of last year's prize-winners used comparatively little cement.

THE contest is divided into three classes and in only one of them, (Class "A") does the amount of cement used count in deciding prize winners. "Class "B" is for doing the best concrete work (the class makes no difference). "Class "C" is for setting in the best and clearest description of how any piece of concrete work was done.

IT COSTS NOTHING TO ENTER—There are absolutely no "strings" to this offer. There is no entry fee or no tag to bother with. You cannot lose, because the improvement you make of concrete in regard to the prize will be more than worth the cost. We have a few prizes you can win. It will be sent to you when you ask us for complete particulars about the contest. You can win a prize. It will be sent to you when you ask us for complete particulars about the contest. When you go home have a nice home to go to

Dear Amy:-

I don't wonder that Jennie's husband stays down town nights so much. She doesn't seem to care a thing about fixing up her home. Fred would stay home more, I know, if Jenny would only make it more congenial for him.

He won't mind giving her the money to buy furniture with, either, if she'll only go buy it and keep it looking right when she buys it. All she thinks about is how she looks when she is out—not what her home looks like when Fred is in.

Aye, Aye.

Low.

O.S.-Jennie could furnish her home so nicely with first-class furniture and for so little money, too, if she would only visit.

### Three Searching Questions

Nov. 17th, Mark 27:41-43.

Our Lord and His disciples had been following the road Northward along the Jordan to Caesarea Philippi, a beautiful city among the foothills of Mount Hermon, about twenty-five miles North-East of the Sea of Galilee.

It was six months before the crucifixion. For many weeks He had been slowly and surely educating them, line upon line, precept upon precept, demonstration upon demonstration, as to His person and mission and as they walk to gather He halts for a moment and asks—

"WHO DO MEN SAY THAT I AM?"

And they told Him, saying, John the Baptist; and others, Elijah, but others, one of the prophets.

The testimony of modern Jews is no less striking. Prof. Klein of Stockholm, says: "When need was at its greatest and expectation was keenest, then came forth the greatest born of women, Jesus of Nazareth, the Founder of Christianity of love, not of greed."

Rabbi Outbush, of New York, placed Jesus side by side with the prophets and went on to say, "The crown of thorns upon His brow made Him all the more brother to these days it has been worn by our people."

Lord Byron—"If ever man was God and God was man, Jesus Christ was both."

James Anthony Froude—"The most perfect Being who ever trod the soil of this planet was called the Man of Sorrows."

Ralph Waldo Emerson—"Jesus is the most perfect of all men that have yet appeared."

Thomas Carlyle—"Jesus is our divinest symbol. Higher has the human thought not yet reached. Jesus Paul Richter—"He was the holiest among the mighty and the mightiest among the holy, who lifted with his pierced hand empires off their hinges and still governs kingdoms."

Ernest Renan—"He is the incomparable man to whom universal conscience has decreed the title of Son of God and that with justice. The highest consciousness of God which ever existed in the breasts of humanity was that of Jesus. Thou shalt become the corner stone of humanity so entirely that to tear thy name from this world would be to rend it to its foundations."

Such testimonies are dead words when given by those

### WHO DO NOT KNOW HIM

### BUT ONLY ABOUT HIM

Browning says: "Our lives are no more influenced by an orthodox opinion held in regard to Jesus Christ, if we do not admit ourselves to Him than are our plans affected by our belief in the virtue of sunshine if we keep them in a dark cellar."

"And he said unto them,

### BUT WHOM SAY

### YE THAT I AM?"

"Peter answered and said Thou art the Christ."

"Christ" is the Greek, "Messiah" the Hebrew for "Anointed." Anointing is the way by which prophets, priests and kings were set apart for their work. The customs are still retained in the coronation of the kings of England.

Jesus was anointed symbolically at baptism as the Prophet whose coming Moses foretold, "whom the Lord God would raise up like unto his brethren," as the Great High Priest who would "enter into the Holy of Holies" for us at the King of Kings, who is coming again in power "with ten thousand of his Saints" to take a hold of human affairs with strong hand.

Who do you say that He is, John Baptist?

"One whose shoe I latchet I am not worthy to unlatch." The Lamb of God that taketh away the sin of the world."

Who do you say that He is, Andrew?

"The Messiah, which is being interpreted the Christ."

And you, Philip?

"Him of whom Moses and the prophets did write, Jesus of Nazareth."

"And who do you say that He is, John?"

"The Light of the World," "The True Light," "The Life," "The Bread

### of Life," "The Maker and Preserver

of all things," "The Root and Offspring of David," "The Word of God."

And you, Paul, can you outlive the beloved apostle in expressing what Jesus is to you?

He is "The Author and Finisher of our Faith," "The Author of Eternal Salvation."

"Time forbids more than a hasty glance at the last question."

### "WHAT SHALL IT

PROFIT A MAN

if he shall gain the whole world and lose his soul?"

It is a mathematical problem for those to solve who have formed no conceptions as to Christ nor His claims. To all such He appeals to estimate and compare the values of two properties.

The world is a valuable property. In several of our large cities one foot of it has sold for \$3,000, a narrow vein of a few inches for millions.

The man who has no thought of Christ says, "Give me a few millions of real estate in the heart of some thriving city in this world and I'll stake my chances on the world to come."

### REALLY?

Would you take over a property without a deed?

Five minutes after you gave up your soul for your millions of real estate you may have to part with it. In courts of law when you want to get a deed off a property a writ of ejectment is served giving him a certain time to vacate the premises; but when death serves with a writ of ejectment he gives no warning. He says you have no right title, nor deed of possession—off.

### BE OFF WITH YOU!

Look at the other property—the soul.

How shall we estimate its value? In the hour of death it is as mighty it throws the body aside like a shell, it mounts beyond all material things. Its value may best be estimated by the cost paid by the World's Greatest Hero to redeem it.

The gain is in imaginary. Who ever gained the world, or half of it, or one thousandth part of it?

The loss—the greatest conceivable.

### Cure Common Ills

## A COLD However Slight MAY TURN INTO BRONCHITIS.

You should never neglect a cold, however slight. If you do not treat it in time it will, in all probability, develop into bronchitis, pneumonia, asthma, or some other serious throat or lung trouble.

On the first sign of a cold or cough it is advisable to cure it at once, and not let it run on for an indefinite period.

For this purpose there is nothing to equal Dr. Wood's Norway Pine Syrup, a remedy that has been universally used for the past twenty-five years. You do not experiment when you get it. Mrs. Louis Lalonde, Penetanguishene, Ont., writes:—"When my little boy was two years old he caught a cold which turned into bronchitis. I tried everything to cure him, even to doctor's medicine, but it did him no good. One day I was advised to give Dr. Wood's Norway Pine Syrup a trial, and before he had half a bottle used, he was cured. I would advise all mothers to try it, as good results will follow. My home is never without it."

See that you get "Dr. Wood's," as there are numerous imitations. It is put up in a yellow wrapper, 3 pine trees the trade mark; the price, 25 and 50 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## Bumper Crops and Some- body Else's Cooking.

Such is the verdict throughout the country. Every farmer has a grin and smile that won't come off. All are prosperous and contented, means money in the bank to them. Think how hard you have worked—up at dawn, to bed long after dark. You may not notice it now, but later on—it has undoubtedly been quite a strain on your nerves as well. Then your loyal little wife, isn't there a holiday coming to her? Think of the extra work she has had around the farm because you and the hired men have been so busy in the fields. If you're fair you know she deserves a holiday. She has seen the announcement of cheap excursion tickets, and wonders if you have seen it too. She longs just for a taste of somebody else's cooking. You appreciate her cooking, but she gets tired of her own—then the old folks want to see her. Mr. Man it's up to you.

The Canadian Northern have placed on sale low fare excursion tickets to Eastern Canada, United States and Europe for just such a case as yours. When you buy transportation you pay for a ticket and hope for service. When you buy a Canadian Northern ticket you get exceptional equipment. It is the best of operation backed by twelve years of railroad building experience, and by a determination to make good.

Call on nearest Canadian Northern railway agent and get an excursion pamphlet, which tells you all about it.

Three Important Articles on Canada and Canadian Affairs.

Appears in the Review of Reviews for November: "Canada's Government Railway, an Experiment in Public Ownership and Operation," by Albert J. Beveridge former United States Senator from Indiana. This is a brilliant and informing discussion of the conception, construction and operation of the Intercolonial Railroad, with an interpretation of its national importance.

## SUFFERED FROM Catarrh of the Stomach For Thirty Years.

Catarrh of the Stomach is generally caused from some interference with the action of the liver, and is a malady that affects the whole body.

Some symptoms are burning pain in the stomach, constant vomiting, abnormal thirst, incessant reaching, etc. On the first signs of any of these symptoms Milburn's Laxa-Liver Pills should be taken. They are a specific for all disorders arising from wrong action of the liver.

Mr. Michael Miller, Ellerslie, Alta., writes:—"I take pleasure in writing you concerning the great value I have received by using Milburn's Laxa-Liver Pills, for catarrh of the stomach, with which I have been a sufferer for thirty years. I used four vials and they completely cured me."

Price, 25 cents a vial, 5 vials for \$1.00, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

# PORT MANN

## The Coming City

WE have heard much of late on the terminus question, but this question has been settled long ago by the Canadian Northern and that settlement is PORT MANN.

NOW, what does this declaration mean? It means that every bushel of the millions of bushels of prairie wheat the C. N. R. will handle for Panama shipment will go onto the ships at Port Mann. It means that flour mills by the dozen will be built at the point where the grain meets deep water—at Port Mann.

FURTHER, PORT MANN is the only spot in Western B. C. where manufacturing sites with deep water frontage and trackage may be had free or practically so. Ask yourself what THAT means. Will manufacturers pay enormous prices for such sites on Burrard Inlet, or will they locate free along Port Mann's 60 feet deep, fresh water harbor. Not hard to answer, is it?

PORT MANN has already secured industries, for this reason, that will employ in a few years double the men of Vancouver's payroll to-day. And this is only the beginning. Ten years from now we will see Port Mann with the greatest aggregation of factories on the Pacific Coast—will see it the manufacturing centre of the west.

THERE is coming in Port Mann in the next few years the biggest increase in property values ever seen in Canada. It cannot be otherwise. Canadian Northern officials are advising their lifelong personal friends to buy all the Port Mann property they can handle. We strongly advise you to do likewise.

We do not sell any outside Property, only the Choice Stuff in the heart of
